

Monuta Repatriation
Transferring deceased persons
to and from the Netherlands

Monuta Repatriation

Monuta has over 90 years of experience with the arrangement and organisation of funerals. It organises around 15,000 funerals annually. Monuta also specialises in the organisation of repatriations and it is requested to transfer deceased persons to or from the Netherlands approximately 500 times a year.

Why Monuta?

The Monuta Repatriation Service Centre (RSC) is available 24 hours a day, seven days a week. It arranges its repatriation activities through its own nation-wide offices and a carefully constructed network of contacts and funeral businesses around the world. Its employees are well-versed in the customs of other countries and they speak the most common languages. They will ensure that the deceased will be taken to the destination quickly and with expert care while keeping the costs as low as possible.

Transferring deceased persons to the Netherlands

For the transfer of deceased persons to the Netherlands, Monuta mainly works on behalf of the major emergency response centres. Emergency response centres increasingly choose Monuta because of its knowledge, experience and the quality of its services. Monuta's activities include:

- Contacting local funeral companies, embassies, and consulates.
- Arranging transport and preparing the deceased person.
- Arranging the transport casket and transport (including dealing with formalities) to the Netherlands per plane or car.
- Arranging the required documents and authenticating them.

Transferring deceased persons from the Netherlands

At the request of relatives or business clients, Monuta can arrange the transfer of the deceased to the destination country. Monuta's activities include:

- Arranging laying out the body (including embalming if required) and the transport casket.
- Transport to the airport or to the country of origin and formalities at the airport or border.
- Contacting the funeral company in the destination country.
- Arranging the necessary documents.
